Forward

Hi there . . . remember 1948 and 1949 . . . the songs of the day . . . "Buttons and Bows",,"You Can't Be True, Dear", "My Happiness", . . . then there were the box office attractions . . . "Forever Amber", "Johnny Belinda", "Snake Pit", and "Unconquered"?

With all the years past and all those left . . . 1949 will long stand out in our memories.

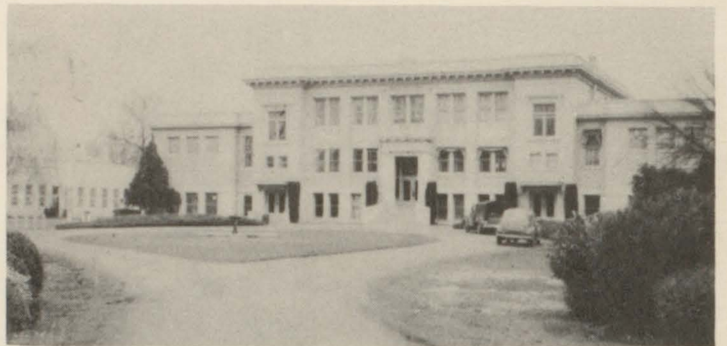

Would you like to relive the past—to see your friends again, and review the things we did? Let me take your hand and we shall wander down the path of memories to our life at G. U. H. S.

THE MAILMAN

Do you get stuck doing dishes every night? Here's a tip to those who are thus unlucky, entitled, "How to Escape Doing Dishes".

Dear Sharon,

When my sister started taking piano lessons, she was busy all the time with her practicing and her regular school homework.

She came home from school and started doing her homework, while we had to prepare dinner.

Then later, when dinner was over and dishes were to be started, she would run into the living room and start her practicing. Of course, Mother thought the practicing was more important than dishes, so my sister made a haibt of practicing when dishes were to be done, and I am stuck every night doing the dishes!

Sincerely a slave,

Louene
